Andreas Jakele

Dear Partners,

with pleasure and pride we are delighted to present you with our latest product catalog from Jakele-Zengerle Handels GmbH. Our mission is to be a reliable and fair partner in the gun trade with competent service and innovative products for professionals. Quality and customer value are our top priority.

The passion for hunting, together with 44 years industry experience in gunsmithing combined with 25 years experience in international sales with premium products lay the foundation for this exciting new business. As our valued sales partner, together we wish to successfully expand on this potential.

We are excited and look forward to working together with you!

Andreas Jakele

»Jakele Spirit«

Enthusiasm, exciting ideas and competence
for innovative products

Jakele Spirit

The love of nature, the passion of hunting,
joined with the pleasure in creative
gunsmithing, spurs a variety of fresh,
new ideas with practical values.

The positive energy from the Jakele Team is
clearly powerful, authentic and convincing.

JAKELE

Shooting Stick Z4

An accurate shot in variable positions even over long distances

The individual height adjustment results through the distance between the two legs of the front and rear rest, flexibly offering many variable shooting positions, regardless of the terrain. The adjustable V front rest allows a field of adjustment of approx. 50m on a 100 m distance. The Z4 is an essential companion for almost all hunting situations with massive stability through the 2-point-rest. It is also ideal for use in observation as well as a solid Alpenstock for ease of movement in rough terrain.

- Material: powder coated aluminium
- Sizes Shooting Stick Z4:
 - Short – Body Height up to 174 cm
 - Medium – Body Height 175 cm – 190 cm
 - Long – Body Height from 191 cm
 - Extra short – for seating position / 125 cm Stick length
- Made in Germany, Patent-No. 102013201478

Jakele Trail Spade Pad

The perfect 3-point-rest in combination with the Bi-Pod for the ultimate Long-Range shot.

The fitted rubber pad with integrated trail spade enables a fast and simple height adjustment of butt stock position. The trail spade pad in combination with the Bi-Pod provides perfect stability.

- Assembly only through Jakele
- Simple handling of height adjustment:
 - pre adjustment through button
 - rough adjustment through axis
 - fine adjustment over resting button
- Can be assembled on almost all rifles

Item-No. 1410001-001	PU: 1 piece	SRP: 495,- €
----------------------	-------------	--------------

Carbon Bi-Pod with Jakele assembly fixture

The combination of durable Carbon and ultralight aluminium from the aviation industry weighs just approx. 130 grams. The innovative mounting fixture integrated in the forearm including cover is patent pending.

- Easy assembly with one hand (double magnet)
- For almost all hunting rifles, regardless whether synthetic or wooden stock
- Variable, horizontal alignment through the pivoted fixture
- Available in the following sizes:
 - Short: adjustable from 19 cm – 25 cm
 - Long: adjustable from 23 cm – 33 cm
- In combination with the Jakele trail spade pad it provides a perfect 3-point rest for the ultimate long range shot
- Suitable Bi-Pod pouch, see page 18
- Fitting through Jakele only

Short	Item-No. 3120001-001	PU: 1 piece	SRP: 480,- €
Long	Item-No. 3120001-002	PU: 1 piece	SRP: 480,- €

Jakele Adjustable Comb

Perfect mounting – ideal for the use of a scope

- Quick alignment of reticle
- Other stocks on request

for R8 / R93	Item-No. 1430002-001	PU: 1 piece	SRP: 490,- €
for R8 / R93 Success	Item-No. 1430002-002	PU: 1 piece	SRP: 550,- €

Jakele Muzzle-Brake

The removable muzzle-brake reduces recoil, muzzle blast and muzzle movement of the rifle.

- Up to 70 % recoil reduction
- No muzzle blast is directed upward or downwards, therefore preventing dust raising
- Flush to muzzle for various barrel contours, incl. octagonal barrels
- Available for almost all calibers
- Muzzle-Brake also available with removable front sight on request
- Fitting through Jakele only

Item-No. 1410004-001

PU: 1 piece

SRP: 495,- €

Jakele Silencer

by A-Tec with adjustable sight

The Jakele silencer by A-Tec with adjustable sight enables the possibility to shoot with open sights in combination with the Jakele folding sight.

- Adjustable front sight on silencer via two allen screws
- Elevation adjustable front sight
- Windage adjustment through rear sight with Jakele Reiterkimme for sighting line with or without silencer mounted
- Technical specifications:
Noise reduction: approx. 32 dB
Weight: 405 g
Diameter: 48 mm
Over Barrel Length: 80 mm
Added length: 160 mm
Total length: 240 mm

(Further versions and manufacturers on request)

Jakele Removable Front Sight

incl. thread

Removable Front Sight incl. thread for the usage in connection with or without silencer.

- For almost all single-barrel rifles
- Special coated thread, therefore non-corrosive
- Including barrel proofing
- Height adjustable front sight
- Individual fitting for different barrel contours
- Fitting through Jakele only

Item-No. 1410003-001

PU: 1 piece

SRP: 395,- €

Jakele Spotting Scope Sight QAS

Unique for quick target acquisition even at maximum magnification.

The new patented Jakele Spotting Scope Sight QAS (Quick-Alignment-System) provides a lightning fast target acquisition through a mounted red dot sight. After an initial adjustment of the sight to the viewing axis the target can be acquired rapidly via the red dot and points the eyepiece in the correct position regardless of zoom factor.

- Jakele Red-Dot Sight with adjustable light intensity
- Additional bore for quick focus on red dot
- Compatible with almost all spotting scopes, cameras and video cameras
- No change of the mounting base

Item-No. 3110006-001

PU: 1 piece

SRP: 498,- €

Jakele Universal Mobile Phone-Adapter

for spotting scope and binocular

For recording your observation through spotting scope and binocular.

Ideal in connection with the Jakele Spotting Scope Sight QAS. The Jakele Universal Mobile Phone Adapter provides the possibility of taking full advantage of your mobile phone camera or video options.

- Individual adjustment on almost all common Mobile Phone models (with exception of iPhone Plus)
- Suitable for almost all spotting scopes, binocular, cameras and video cameras
- Fixing through cone-shaped, excentric interlocking
- Adapters for scopes and binoculars not listed on request
